Re: Public Records Request

To Whom it May Concern:

This is a Public Records Act request, made pursuant to Chapter 119, Florida Statutes, and Article 1, Section 24, of the Florida Constitution, for copies of public records¹ reflecting the information described in Section B below.

A. Separate Requests Requiring Separate Responses

Please treat each of the numbered paragraphs in Section B as a separate request under the Public Records Act and respond to each separately as to (1) the existence of such documents; (2) whether you intend to make such documents available; (3) if you claim any exemption or privilege with respect to such documents, the documents as to which the privilege or exemption applies; and (4) when documents are produced or made available, the paragraph to which such documents are intended to respond. This procedure is intended to obviate the waste of sending separate requests as to each of these categories of documents. Unless I hear promptly from you to the contrary, I will assume this will not be necessary.

B. Records Requests

In accordance with section 119.07(1)(c) of the Public Records Act, please determine if you or anyone else in your agency has custody of the following records:

¹ For purposes of this request, “records” means information of any kind, including writings, memoranda, emails, text messages, letters, notes, minutes of meetings, documents, drawings, graphs, charts, photographs, electronic and magnetic recordings of meetings, records of telephone conversations, including cell phone records, and any other compilation of data from which information can be obtained.

1. All records relating to the reasons for rejecting or approving each of the 132 textbooks referenced in the Department's Apr
